

**14th Annual Internet Governance Meeting
25 - 29 November 2019
Berlin, Germany**

Post-Meeting Report for Funded Participants

Please submit the report no later than 15 December 2019 to Ms. Lima Madomi from the IGF Secretariat at: lima.madomi@un.org

First and Last Name: TRAORE Bafima Téli Martin Daouda

- 1. How would you describe your participation at the IGF meeting? (max. 150 words)**

**Participation at the IGF / Berlin 2019 was very beneficial. Even before the event, I could tell you that I had done my own program, I had to rearrange it to include other view the importance of the topics covered.
I took part in giving my opinion in a certain session but most of my participation was to identify the contours of the operation of this platform on the governance of the Internet issue to benefit from a feedback experience in my country.
Overall, intense interactive participation and fund as if it was the last time.**

- 2. What is the most important benefit you have gained at the meeting? (max. 300 words)**

The benefit I drew was mostly sharing of experience on access and inclusion. Coming from a developing and more isolated country, this session gave me a better

understanding of the major issues facing countries in achieving effective access and inclusion of vulnerable groups. In addition I also understood that only the knowledge related to the use of the internet and online service will allow our countries to go there more quickly towards our development.

- 3. What inputs do you plan to bring to your community from the meeting? (max. 300 words)**

I intend to solicit sensitization sessions with parliamentarians to make them understand the challenges of Internet governance. The report was bitter during the parliamentary session of the IGF 2019 where no Burkinabe parliamentarian made the trip to Berlin. Then I intend to participate in the various national and regional initiatives of the country and to set up the "YOUTH IGF / Burkina" by the next IGF.

- 4. Briefly outline your participation at the IGF meeting, including attended sessions, gained knowledge, networking, recommendations for improvements. (max. 500 words)**

Meetings such as networking have flourished with internet governance actors from Africa and elsewhere. I participated in fundraising meetings (IGFSA). Knowing how the IGF works has been of great interest to me. One thing is to be supported but knowing the mechanism of financing Initiatives is an asset to better manage the funds that can be made available. During the meeting, it was decided to set up an e-commerce platform with some participants to support vulnerable groups for the employability of out-of-school girls in difficult situations. As a recommendation it would be of interest to organize the NRI sessions or failing the NRI's main session in the multilingual rooms to allow true inclusion.
